# Decodable Readers for K-2 Students

Decodable readers are specially constructed to allow students to practise their decoding skills. They are made up of words that students can decode and a small number of high frequency, irregular words that students have been taught. By allowing students to apply their letter-sound knowledge and blending skills to read words in connected text, decodable readers can greatly assist students improve their reading accuracy and fluency.

# Dandelion Phonic Books – Beginner Readers and Workbooks

Dandelion Launchers and Dandelion Readers are a series of synthetic phonic reading books that support any structured phonics programme a school is following. The books can be used for individual or group reading. These readers are for beginner readers aged 4 to 8 years old. They are specifically designed to launch children into the process of learning to read providing extensive opportunities for reading practice.

# Little Learners Love Literacy

An explicit and sequential literacy program that teaches ALL children to read, write and spell with confidence. Created from evidence-based research, it includes phonemic awareness, phonics, vocabulary knowledge, fluency and comprehension. Each stage is sequentially taught so that children can learn, apply and practise their developing skills in words and connected text.

# Letters and Sounds Decodable Readers

Letters and Sounds is a popular phonics scope and sequence that is used widely. It is similar to other scope and sequences including the Dandelion / Sounds-Write Scope and Sequence and the NSW Department of Education sample scope and sequence. We have gathered a range of high quality decodable readers that follow the letters and sounds scope and sequence.
