Early Stage One Re-Assessment – Mid Term 2

This is a reading and spelling assessment for use in the middle of Term 2 to re-assess those students who did not reach the benchmark goals at the end of Term 1 assessment. These students should have had some additional instruction and practice in their areas of difficulty.

It assesses the knowledge in Sets 1 and 2 of the SPELD NSW Phonics and Morphology Scope and Sequence (this includes 13 single letter graphemes from the basic code).

The assessments measures GPC reading and writing, both accuracy and automaticity of word reading, as well as spelling to assess the developing phonics skills of your students and to allow you to respond to the needs of the individual students through the provision of instruction and additional opportunities for phonics practice activities.

The reading part of the assessment is administered to students individually, ideally in a quiet area where others cannot hear them. The spelling part of the assessment can be administered to a group.

At this point in the Scope and Sequence the goal for students is to have good accuracy of GPC and word reading and spelling for the knowledge in Sets 1 and 2.

GPC Reading Scoring Sheet

1. Place the Sounds stimulus sheet in front of the student.
2. Point to "Sounds" and say *Here are some sounds. Read the sound to me one by one, starting with this one* (point to first sound).
3. If the sound is read correctly, write "1" below. If the student self-corrects within 3 seconds, write SC and write "1" below.
4. If the sound is not read correctly, write the sound they say instead, or "NR" if no response.
5. If students give the letter name or the long sound of the vowel, prompt them for the sound.
6. Collate the student's scores on the Student Summary sheet.

Non-Word Reading Scoring Sheet

1. Place the Non-Word stimulus sheet in front of the student.
2. Point to "Non-Words" and say *Here are some made up words. Even though they're made up, you can still read them. Read them to me one by one, starting with this one* (point to first word). *There is no need to race, just take your time and do your best to read the words accurately.*
3. Scoring:
 In this assessment you are tracking whether a student is accurate when reading words as well as whether they are automatic when reading words. These two measures provide insights into the student's developing reading skills.
 - If the student reads a word accurately and automatically (ie, without sounding out) circle BOTH Acc (accuracy) AND Auto (automaticity). When scoring count this word as 1 point for word reading accuracy AND ALSO 1 point for word reading automaticity.
 - If the student sounds out a word and says the word accurately (ie, sounds out /f/ /i/ /p/ and then says fip) circle Acc. When scoring count this word as 1 point for word reading accuracy and 0 points for word reading automaticity.
 - If a word is not read correctly (including if the student sounds out the word but then does not say the word correctly ie, sounds out /f/ /i/ /p/ and then says flip), write what the student said, or "NR" if no response and do not circle Acc or Auto.
 This is worth 0 points when scoring.
4. If the student self-corrects within 3 seconds, the word can still be marked as correct, also note "SC".
5. Collate the student's scores on the Student Summary sheet.
