Leadership Consultation Projects

SPELD NSW works closely with school leaders to support them in implementing whole-school pedagogy, assessment schedules and resource design and selection. We provide expert support and advice that is best suited for your context and for you school's strategic goals.

The consultation projects include:

- Leadership team workshops and ongoing support
- Data analysis workshops
- Response to Intervention Implementation planning
- Demonstrations and Observations
- Teacher professional learning workshops
- Parent information session

Expert Professional Learning Workshops

Our professional learning team can deliver a range of workshops to your teaching team at your school. All our workshops are evidence based and focus on building teacher knowledge while providing real-world practical solutions for the classroom.

You can invite other schools to the workshops to help share the costs. We can offer online training, or we can travel to you. Talk to us about full-day or after school sessions.

Resources Planning

Knowing which resources best fit with your explicit instruction programs can be challenging. We have expertise in matching quality resources to your phonics and fluency scope and sequences and helping you select the best books and materials to support learning across the years. Contact us now to discuss your resourcing plan!

Specialist Intervention Training

We offer a range of specialist training in learning difficulties. These can be delivered online, in-person or as on-demand modules.

We can work directly with your learning support and intervention team to provide specialist training in literacy difficulties that is bespoke to your context.

Our expert courses include:

- Help me Read
- The Reading Intervention Course
- Insights Intervention series
- Learning difficulties webinars

We have a range of excellent on-demand courses. You can buy access to one or more of the courses for your staff to have individual access for 12 months to the learning and resources.

We can help you plan how to best use our on-demand courses for whole school professional learning plans.
